

CONFORMATION CONFLICTS

It is the exhibitors' responsibility to be at the ring with their dog when it is their turn to run. To the extent it is possible and consistent with maintaining a smoothly flowing event; we will attempt to help accommodate running order conflicts.

A **Conflict Group** for exhibitors also entered in conformation will be run at the beginning of each class as needed. In order to run with the **Conflict Group**, exhibitors must submit their requests in writing via E-Mail or hand delivery to the Trial Secretary ONLY, no later than 6pm on Wednesday for Thursday morning classes and no later than 5pm Thursday, Friday, and Saturday for the Friday, Saturday, and Sunday morning classes respectively. This is needed in advance so we can move you on the Gate Sheets and have your scribe sheets ready so we can keep the trial moving.

You **MUST** be checked in at the gate **BEFORE** the start of the walkthru to take advantage of the Conflict Group. The Conflict Group will run in reverse height order (HIGH to LOW on Thurs and Sat and LOW to HIGH on Fri and Sun). Those of you with additional conflicts later in the day resulting from your entry in Conformation may either:

(1) Submit a written conflict notice in advance if you think you might have a potential conflict. Please submit requests no later than 6pm on Wednesday for Thursday classes and no later than 5pm Thursday, Friday, and Saturday for the Friday, Saturday, and Sunday classes respectively. Submitting a conflict form does not automatically approve you running in the conflict group. You need to hear from us or come talk to us at the score table to verify the conflict so we can come up with a plan for you.

(2) Check with score table to note your conflict and have your conflict approved.

Download the Conformation Conflict form at www.GoneDogginAgility.com

All other potential conflicts will be handled in the usual manner as listed below.

Take responsibility by making sure that potential conflicts are marked ahead of time on the Gate sheets. Use the Estimated Timeline from our website and be aware how the rings are running. What you think might be a conflict as listed on the timeline may end up working out as the day progresses. But better to be proactive. Feel free to talk to us how best to handle your conflicts. We are happy to help! Please work together with your Gate Stewards – they are all volunteers!!! Check-in **BEFORE** you walk. Please understand that conflicts not noted before missing your turn to run will likely result in forfeiture of that run.

In certain cases we may add you to the early conflict group of a class to alleviate your conflict for the day. This **MUST** be approved by the score table so please come see us **BEFORE** it is an issue. We are also running dogs along with running the trial so waiting until the last minute might cause undo stress for everyone. But **PLEASE** come find us – we are happy to help!

Exhibitors running multiple dogs within less than ten dogs of each other may make arrangements with the Gate Steward to adjust their running order. **Exhibitors are NOT allowed to move their dogs on the Gate Boards. This MUST be done by the Gate Stewards.** Multiple dogs must run in the posted Running Order. In other words, the first dog may be moved up, or the second dog may be moved down, but they may not swap positions in the running order. Running order changes requiring that a dog be run outside the normal completion of its jump height class must be approved by the Judge and/or Score Table.

Every effort will be made to accommodate conflicts with Conformation or multiple dogs. Conflicts MUST mark a 'C' by your name on the gate sheet or you will be marked ABSENT! You may also run at the end of the earlier height group or at the beginning of your height group instead of at the end. PLEASE do NOT hold up the release of ribbons by running at the top of the next height group! This makes for very angry exhibitors that want to leave.

If you think you will miss your scheduled walkthru due to a conflict,

walk with an EARLIER jump height!
